

Software évolution : TP4

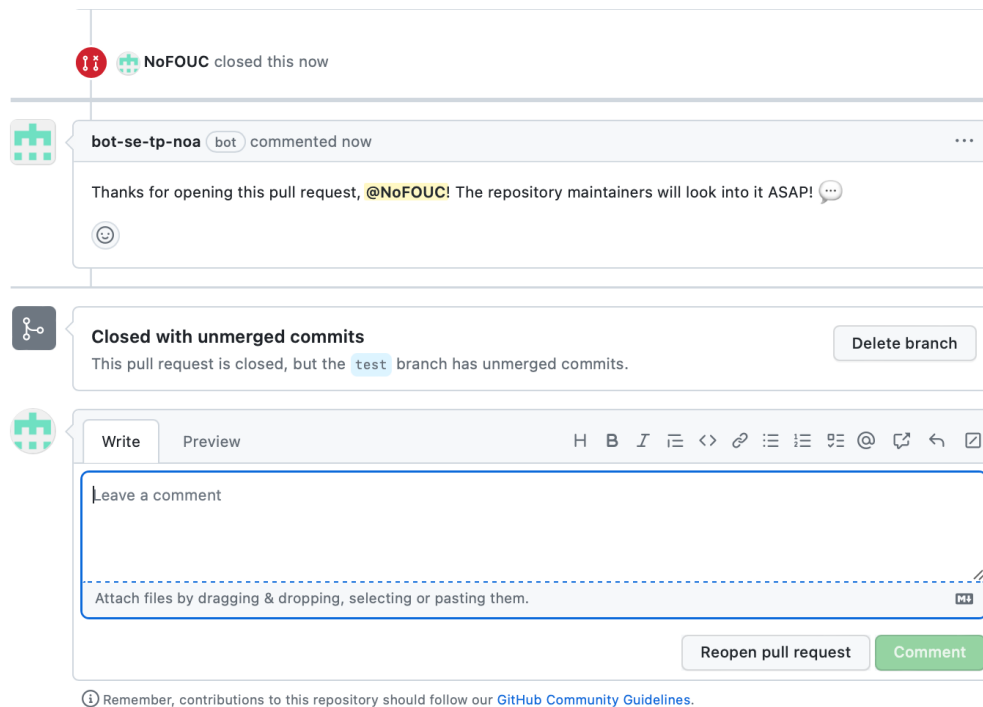

Link of the bot : <https://github.com/NoFOUC/web-service-bot-umons>

Link of the test repository : <https://github.com/NoFOUC/test-bot-umons>

Exercise 1. Apply labels to issues.

Exercise 2. Say thanks when a pull request has been merged.

Exercise 3. Automatically delete a merged branch.

The screenshot displays a GitHub pull request interface. At the top, a commit history shows 'NoFOUC reopened this 8 minutes ago' and 'NoFOUC merged commit 1267321 into main 8 minutes ago' with '1 check passed'. Below this, two comments from 'bot-se-tp-noa' are visible. The first comment says 'Thanks for opening this pull request, @NoFOUC! The repository maintainers will look into it ASAP!'. The second comment says 'Thanks for your contribution, @NoFOUC!'. A third comment indicates 'bot-se-tp-noa deleted the test branch 8 minutes ago'. Two callout boxes with arrows point to the interface: 'Close commit' points to the first comment, and 'Delete branch' points to the third comment. At the bottom, a 'Switch branches/tags' modal is open, showing a search bar 'Find or create a branch...', tabs for 'Branches' and 'Tags', a list with 'main' (checked) and 'default', and a 'View all branches' link.

Exercise 4. Prevent merging of pull requests with "WIP" in the title

wip end tp #13

The screenshot shows a GitHub pull request interface. At the top, it says "NoFOUC wants to merge 1 commit into main from test". Below this, there's a comment by "NoFOUC" with the text "No description provided." and a status of "end tp". The pull request title is "wip end tp #13". On the right side, there are sections for "Reviewers" (No reviews), "Assignees" (No one—assign yourself), "Labels" (None yet), "Projects" (None yet), "Milestone" (No milestone), "Development" (Successfully merging this pull request may close these issues.), and "Notifications" (Unsubscribe). At the bottom, there's a "Merge pull request" button and a "Close pull request" button. A "ProTip!" message at the bottom suggests adding ".patch" or ".diff" to the end of URLs for Git's plaintext views.

end tp #13

The screenshot shows the same GitHub pull request interface, but the title has been changed to "end tp #13". The pull request is now in a "Closed" state. The "Merge pull request" button is now disabled. The "Development" section on the right now says "Successfully merging this pull request may close these issues." and "None yet". The "Notifications" section still shows "Unsubscribe". The "ProTip!" message is still present at the bottom.
